Hi.Maddie,

We envisioned having the site walk over in the morning and a technical meeting with OEPA in the afternoon. Purpose of technical meeting is to have Guy and Chit walk us through the remedial alternatives and answer any questions we have. Tim Fischer will be at both meetings.

Does your Columbus folks (who'll do the sampling) have any mornings free or is the schedule you sent the only time they're available? Thanks, Shari

Shari – I'm looking at Ohio EPA's availability for the next two weeks for the site walk over at the church. Looks like we are available Friday the 12 after 12 ET. We are also available the 17th after 12 ET, the 18th after 1:30 ET, and the 19th after 12 ET.

Maddie
